## Investment policy

OP-World (Fund) is an equity fund which invests its assets broadly in the global equity market. The Fund's assets are mainly invested in units in other mutual funds, ETFs, special common funds and UCITS (Underlying Investee Funds). All of the Fund's assets may be invested in Underlying Investee funds, and a maximum of 20% of the Fund's value may be invested in one Underlying Investee fund. A maximum of 30% of the Fund's value may be invested in non-UCITS funds and in undertaking for collective investment (CIUs) that do not fulfil the UCITS Directive. The Fund may use derivative instruments in order to hedge against adverse market movements, to replace direct investments and to otherwise promote effective portfolio management. The Fund's equity market exposure may vary between 75% and 105% of the Fund's value. The equity weighting typically varies between 90% and 105%. The Fund diversifies its equity investments broadly across various companies, since the investments are mainly implemented using funds.

The investments underlying this fund do not take into account the EU criteria for environmentally sustainable economic activities. However, this fund integrates sustainability risks using the methods specified in the fund prospectus.
